MEMORANDUM

TO: City Council

FROM: Michael Davolio, City Administrator 

SUBJECT: Six Year Transportation Improvement Plan, 2007 - 2012

DATE: June 7, 2006

As required by state law, the city needs to update its 6-year street plan annually for submittal to the Department of Transportation by June 30th. Staff has reviewed the 2006 plan that was adopted by Resolution #508 on June 8, 2005, and we have noted that none of the 22 projects identified on that plan have been accomplished in the intervening time. However, the city has received state grant funds for the 3rd Street Sidewalk Project, and we expect that work to be done this year.

Staff recommends that the Council review the projects shown on the 2006 plan and adopt a resolution that would carry each project forward one year. During the coming months, the staff will attempt to identify outside sources of funding that may be utilized to accomplish some of these projects.

As always, please feel free to contact me before the meeting if you have any questions.
