

RESOLUTION NO. 469

**A RESOLUTION ADOPTING A WASTEWATER FACILITY
PLAN FOR THE CITY.**

R E C I T A L S:

1. The Mayor and Council have been informed that the City's wastewater collection and treatment system is currently subject to excess flows at various times of the year. Such circumstances were determined to be not only contrary to applicable permits, but also harmful to the City's ability to provide the desired level of service to its citizens.

2. Under the applicable statutes, rules, and regulations, no meaningful improvements could be undertaken without the development of an updated wastewater facility program. In recognition of that reality, the City retained the services of Parametrix, Inc., consulting engineers, for the purposes of advising the City in the development of a wastewater facility plan.

3. Parametrix, in association with City staff and with input from the public, developed a draft plan. During the development of the draft plan, all necessary environmental

reviews were completed and a biological assessment carried^{out}.
Parametrix has previously reported to the Mayor and Council as to
the general contents of the plan.

4. The Plan draft, dated January, 2001, was submitted
to the Washington State Department of Ecology for review. That
review has been completed and notice given to the City, in the
form of a letter dated September 4, 2001, that the Department has
completed its review and has approved its contents.

5. The Council and Mayor are now ready to go forward
with the adoption of this plan.

NOW, THEREFORE, BE IT RESOLVED AS FOLLOWS BY THE CITY
COUNCIL OF THE CITY OF McCLEARY, THE MAYOR SIGNING IN
AUTHENTICATION THEREOF:

SECTION I: That certain document identified as the
City of McCleary Wastewater Facility Plan, dated January, 2001,
a copy of which is on file in the Office of the Clerk-treasurer,

to the matters covered therein.

SECTION II: The Plan shall be maintained by the Clerk-
treasurer for reference by such citizens as may request access to
the document.

PASSED THIS 26th DAY OF SEPTEMBER, 2001, by the
